XF

DAF

PLENTY OF PRACTICAL STORAGE UNDERNEATH THE LOWER BUNK

A 25-litre box and 65-litre drawer allows safe storing of smaller and larger objects and the 42-litre drawer type refrigerator next to the driver's seat brings all refreshments within reach .

COMFORTABLE CAB SUSPENSION

Cab air suspension: a real pleasure for the driver.

TRUCKPHONE AND TRUCK NAVIGATION RADIO

The right sound! Excellent audio, navigation and communication functions integrated in the dashboard and controlled via the steering wheel switches.

CAB CLIMATE CONTROL

Keep cool, stay fit! A good climate contributes to an alert driver. Fast and automatic control of temperature, blower, air distribution and air conditioning ensures a worry free cab climate at all times.

CURTAINS

Non-transparent curtains for a good night's rest and a dividing curtain to hide the sleeping compartment from the working environment.

BATTERY ENERGY MONITORING

Keep rolling: the battery energy monitoring system helps the driver to prevent flat batteries and unwanted downtime.
